In recognition that this business has confirmed that they have followed government and industry COVID-19 guidelines, ensuring processes are in place to maintain cleanliness and aid social/physical distancing.

Empress Coaches COVID-19 Update

Before COVID-19 became more infectious with in the UK and in addition to our regular cleaning, we had already put many new procedures into place to help reduce the risk of transmission between staff and passengers.

We understand that there is no perfect solution but we are doing all that we can to eliminate the risk of the virus spreading and continuing to make changes and updates where necessary.

Please see the steps below that are being taken before travelling and until the end of your trip:

Before you travel:

- All of our coaches before COVID-19 were cleaned on a daily basis ready for the next passengers. Certain cleaning products have been switched with stronger safe disinfectants.
- Before and after your travel, the coach is disinfected even further with a fogging machine. This enables hard to reach places to be disinfected too.
- Staff health is being monitored and if symptoms arise, they will self isolate and contact the NHS.
- All staff members have been informed and are carrying out our procedures to help protect passengers and each other.
- We are also regularly disinfecting our premises.
- Risk assessments have already been carried out in great detail. These are being reviewed on a regular basis and help us to determine further steps to take if necessary.

On the day of travel:

- NHS Test and Trace QR codes have been displayed by the entrances of our private hire vehicles. Passengers are able to scan this code before boarding.
- We politely ask all passengers to wear a face covering while travelling, due to the confined space, unless you have a medical exemption. Our drivers still currently continue to wear their face covering when passengers are onboard, until our risk assessment concludes they no longer need to.
- Hand sanitiser dispensers have been installed for passengers to use when boarding.
- Our drivers have been briefed to ensure that the coach is kept ventilated during the journey to maintain a fresh air flow.

Please do also take a look at our COVID-19 Video. If you have any questions, please email info@empresscoaches.com

Thank you for taking the time to read our update and stay safe!
